

Core Competencies

- We offer Virtual email for service personnel on the go
- We give training for those who need assistance in starting their own business, whether they are unemployed, underemployed or unemployable. We give a blue print for steps to take in getting started and also ideas on businesses that they may be able to start.
- Other training is software specific such as WORD, POWERPOINT, CANVA, 3D modeling and more!
- Document prep services include copies, mail presort, digital scanning, resume, notary
- Graphic design services include minimalistic 3d modeling
- Mail center that offers virtual mail for those away on travel

Differentiators

We focus on the strength of our commitment to keep our customers updated with progress reports as well as delivering quality products & services on time, everytime.

- Supplier diversity is a normal part of our business, not a program

We saved MARTA thousands of dollars by managing rail employees and trains, which increased their on time performance for four consecutive years in a row, including during the height of Covid 19

Certifications or Awards

- Rail Supervisor
- Time Management
